

proDERM Institute for Applied Dermatological Research List of Instruments

3D Scanners for skin profilometry

- dermaTOP blue with positioning bench VisioFace 4
- Primos

Imaging Systems for heat and blood flow

- Laser Doppler Imager FLPI 20 MHz Ultrasound DUB USB
- IR-Thermography Camera
Varioscan 3011 ST

In-Vivo Confocal

- Raman Spectroscopy
- Vivascope 1500

Color Meters

- Chromameter CR-300 • Spectrophotometer CM-700D
- Chromameter CR-400

Skin Hydration / pH / Sebum / TEWL / Viscoelasticity

- Multi Probe Adapter System • Tewameter Dermalab
MPA 580
- Corneometer CM 825 • Cutometer SEM 575
- Sebumeter SM 810 • Cutometer MPA 580
- Skin-pH-Meter PH 900 • Mexameter

Force Meters

- Universal Force Meter Z 2.5 / TN 1 P
- Universal Force Meter UPM 81813b

proDERM Institute for Applied Dermatological Research List of Instruments

Halitosis Measurement

- Halimeter
- Oral Chroma

Radiometers

- Tristan exUV-U-H
- sglux
- Tristan VIS-NIR
- Thermopile

Clinical Photography

- USR CliP - Unit for Standardized and Reproducible Clinical Photography
- Scalp Photography Stand
- Cellulite Stand
- DermLite II PRO HR
- Canon EOS D30
- DermLite Photo
- Canon 1000D
- Trichoscan System
- Canon Mark 5 DII
- Visia CR

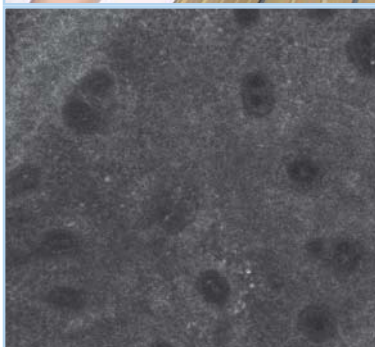

Video Microscopy / Imaging

- Video Microscope (CC-12) 3.5-45x
- Hair Volume Stand (F-View II)
- Hand Held Videocamera (Color View Illu)

UV Radiation Sources

- Atlas Suntest CPS+
- UVA 700
- In vitro UVA Protection Stand with probe robot and LaxCute
- UVASPOT 1000
- Multiport UV Simulator 601-300
- Single Port UV Simulator 16S-300

proDERM Institute for Applied Dermatological Research List of Instruments

Ophthalmological Devices

- Non-contact Tonometer Leica At 550 for measurement of intraocular pressure
- Slit Lamp

Laboratory Devices

- Vacuclav 43-B for equipment sterilization
- Stereomicroscope Stemi 2000
- Centrifuge
- Analysis-, Laboratory-, and body balances

Cooling and Climatizing

- Deep Freezer, 300 l, -80°C with CO2 emergency cooling
- Devices to record climatic conditions
- Sauna, Hotroom
- Conditioning Cabinet

Screening Devices

- Alcohol Breath Analyser
- Blood Pressure Device
- Micro CO for smoking test
- Electrocardiograph Cardiovit AT 1-C

and more...

- Suction Blister Device with base pressure logging
- Luxmeter
- Thermo Sensory Analyser TSA II
- Spirometer Spirovit SP-1
- Miniature Tensile Tester
- Flow Measurement Device for measurement of water flow in whirlpool
- Densitometer Squame Test 850 A for D-squame measurement
- Whirlpool for Water Resistance Testing
- Iontophoresis Device
